Workflow

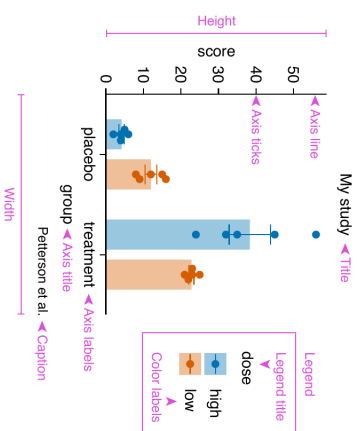

Dataset

Observations		Variables			
treatment	group	dose	age	sex	score
<chr>	<chr>	<chr>	<dbl>	<chr>	<dbl>
A	placebo	high	45	female	2
B	placebo	high	23	female	4
B	placebo	low	45	male	9
C	treatment	high	23	female	8
C	treatment	high	45	male	32
D	treatment	low	23	female	35
D	treatment	low	45	male	23
...	...	...	...	...	...

Code

```
study |>
  tidyplot(x = group, y = score, color = dose) |>
  add_mean_bar(alpha = 0.4) |>
  add_sem_errorbar() |>
  add_data_points(beeswarm() |>
    add_title("My study") |>
    add_caption("Pettersen et al."))
```
